Because of the lack of competition, monopolies tend to earn significant economic profits. These profits should attract vigorous competition as described in Perfect Competition, and yet, because of one particular characteristic of monopoly, they do not. Barriers to entry are the legal, technological, or market forces that discourage or prevent potential competitors from entering a market.

The Economics of Healthcare A ll of us would like to lead long, healthy lives. And given the choice, we would prefer to do so without ever having to endure the surgeon's scalpel, the nurse's needle, or the dentist's drill. Yet good health rarely comes so easily. Achieving a long, healthy life often requires the input of scarce resources, and that makes it, at least in part, an economic ...

In this chapter, we argue that this is not, as some suggest, due to a lack of criticality on the part of researchers or because engagement is poorly defined, but rather because student engagement has many meanings. We argue that by analysing the focus and degree of student engagement, it is possible to address the problems associated with the apparent vagueness of student engagement. This ...
