The British Library Catalog, which has about 1300 entries for books by Erasmus published by 1700, has about 100 for Pico. During the same period, when Marsilio Ficino's De vita libri tres went through more than thirty editions, Pico's Latin Oration—far better known to modern readers than Ficino's Three Books on Life—got almost no attention from publishers. Of the five dozen or so ...

Toddlers are active, curious, busy little people, intensely engaged in learning about the world around them. Books help them make sense of what they see, hear, think, and feel.Still, there's a vast gap between a one-year-old who's just started to speak in short sentences, and a three-year-old who can recite the alphabet—possibly backwards.. That means that the best books for this diverse ...

Any life-form in any realm—mineral, vegetable, animal, or human—can be said to undergo "enlightenment." It is, however, an extremely rare occurrence since it is more than an evolutionary progression: It also implies a discontinuity in its development, a leap to an entirely different level of Being and, most importantly, a lessening of materiality.
