This is a medieval tale about a damsel in distress and a valiant knight that served in king Arthur's kitchen and how he sets out to save the lovely lady in the tower. This story is based on part of The Tale of Sir Gareth of Orkney but based on the reviews, this story is not for everyone, especially feminists but I personally loved this medieval tale. I know that today, the damsel in the tower would have saved herself but I personally love the damsel/knight in plight and a satisfying HEA.
